June 23 & 24, 2015
Greenfire Campus
2034 NW 56th St., 4th Floor, Seattle, WA 98107

MEETING CONTEXT

Legacy Lab #2 is a two-day gathering between Quixote Foundation and its closest partners. Last year's Legacy Lab resulted in a cross-silo exploration of our stories, networks, and connections. This year's convening seeks to examine our understanding of racial bias and delve into the practices that can move us to racial equity, operationally and through best practices.

Heidi Schillinger of Equity Matters will facilitate a portion of our meeting, guiding us in conversations on implicit bias, systemic racial bias, and practicing racial equity in our structures and organizations.

During the second half of Day 2, we will engage in a conversation about "A New Perpetuity," an idea that flows from "Spend Up" as an alternative to the status quo of philanthropic institutions existing in perpetuity.
