

To Pharmacists and Store Managers:

Is your pharmacy up to date on the latest federal regulations involving the emergency contraceptive pill Plan B One-Step?

As of June 2013, the Food and Drug Administration has approved Plan B One-Step as a nonprescription, over-the-counter product that can be purchased by customers of all ages, without restriction.

1

Plan B One-Step does NOT require a prescription.

2

It may be purchased by customers of any age and by both females and males.

3

Customers need NOT show I.D. to purchase Plan B One-Step.

4

Plan B One-Step should be available over-the-counter in the family planning aisle of the store/pharmacy.

For more information on dispensing Plan B One-Step, you can contact the Plan B One-Step Information Center at 800-330-1271
